Meet India's Most Reliable Copper Pipe Manufacturer

METROCK STEEL INDUSTRIES

What is Copper Pipe?

Copper pipe is a strong, corrosion-resistant tube used in plumbing, heating, and HVAC systems. Its high thermal conductivity and long life make it ideal for carrying water, gas, and fluids.

About Metrock Steel Industries

- Established with a vision to deliver premium copper solutions
- Trusted by industries across India and abroad
- ISO-certified manufacturing excellence

Our product range includes:

- Copper Pipes
- Copper Tubes
- Copper Fittings
- Medical-Grade Copper Pipes
- ACR Copper Tubes & Pipes

WHY CHOOSE METROCK?

- Superior Quality Control
- On-Time Delivery
- Global Standards Compliance
- Trusted by Industries Across India
